

JOMIN KAITHOLIL GEORGE

Personal Profile

I am an enthusiastic, committed person with an excellent academic background and exhibiting an outstanding attitude to everyone. I'm an effective communicator who enjoys working as a team as well as of my own initiative. I maintain a clear and logical approach to problem solving and solve each issue to its completion. I'm excellent at collaborating within a team to achieve set goals and targets on time, with particular regard in delivering work demonstrating professional quality. Computer Science graduate with a 2:1 honors degree from Newcastle University and I possess a fervent passion regarding the IT industry.
